## Product Composition

### Materials Used

Approx 73% PVC

### UV Protected

No

### Lead Based

No

## Health and Safety Information

### UK Fire Rating

Class 1Y

### Health Hazard Warning

No

## Storage and Handling

Store flat, otherwise no specific handling or storage requirements.

## Cleaning and Maintenance

PVC panelling should only be cleaned using hard surface cleaner or any other non-abrasive cleaner. Any cleaner or detergent which contains bleach must not be used. Acetone, halogenated carbon hydrates, esters, ketones, ethers and alcohols should not be used.

## Recommended Fitting Materials

We recommend MB Panel Adhesive Pro or Paracol Montage adhesive for fixing these PVC panels to your walls.
